

HOTEL AND TRANSPORTATION INFORMATION

Our Transportation Service

We provide a transportation service for our patients who are staying *in the immediate Old Town Scottsdale area*, as a courtesy to our patients who are not familiar with the area. Transportation is offered on a first come, first served basis. Please schedule your ride as soon as you know your flight times. You should also schedule your return trip at this time to maximize your chances of utilizing our service. You may need to wait and share a ride with another patient. We will do our best to accommodate patients during the above hours; however we cannot always guarantee availability. If you are unable to wait or are coming in at a time other than above, you will need to make your own ground transportation arrangements.

Scheduling our Transportation

There are a number of ways to schedule with our transportation service.

E-mail

Send your transportation request to driver@tmeltzer.com

Please note: email is not always perfect. If you have not received confirmation within a week's time, please call us at (480) 657-7006 and ask for Rachael.

Telephone

Please contact our office at (480) 657-7006 or Toll Free (866) 876-6329 for more information about this service.

Our office hours are 9:00 a.m.–5:00 p.m. Monday through Thursday and we are closed briefly between 12:30–2:30.

Mail

For your convenience a Patient Transportation Information and Request form has been included in your information packet. Please complete this form and return it to our office no later than two weeks prior to your arrival.

Changes and Delays: It is your responsibility to let our office know of any changes or delays.

Airport

You will need to fly in to Phoenix Sky Harbor Airport (PHX).

Airport Pickup

As soon as your plane has landed please call our driver. Please proceed directly to the baggage claim area - even if you have not checked luggage and walk outside to the curb. Call our driver again and they will meet you curbside.

If you do not have a cell phone or have special needs, please proceed directly to the baggage claim area - even if you have not checked luggage-and someone will be waiting with a sign with your name on it.

To accommodate as many schedules as possible you may be asked to wait. We will try to let you know this when you schedule your ride, so that you may make alternate ground transportation plans should you not desire to wait.

Special Note: Please keep in mind, if you are driving here for your surgery, you will need to make sure that someone is able to drive you home. No patient is allowed to drive after surgery, or if they are taking ANY pain medications.
